ALFI™ A DIVISION OF PCS/REPORTS, LTD., 10 EAST 40TH ST., NEW YORK, N.Y. 10016 (212) 683-5353

IMAGINE FINDING A NEW AND BETTER JOB

WHEN YOU WEREN'T EVEN LOOKING FOR ONE!

ALFI™

ALFI™
A DIVISION OF PCS/REPORTS, LTD.
10 EAST 40TH ST., NEW YORK, N.Y. 10016 (212) 683-5353

THAT'S THE INTRIGUING OPPORTUNITY ALFI OFFERS YOU RIGHT NOW!

M781

ALFI has developed a sophisticated and discreet new way to bring top companies who have job openings together with qualified professionals like yourself, who may not even be considering a move just yet.

ALFI offers a safe, prudent, no cost means of assessing your potential value in the job marketplace, to a substantial audience of hiring firms, with no personal exposure of risk whatsoever!

SOUND INTERESTING? HERE'S HOW IT WORKS:

Qualified candidates mail us their resumes and other job information (see enclosed form) which are then fed into the ALFI computerized data base.

Employers seeking to fill a specific position send their requirements to ALFI, and we then scan our data base for those individuals who best meet those requirements.

The qualified resumes (*without* the qualified individuals' names, addresses, current company or any other identifiable information) are forwarded to the employer.

The employer then selects those candidates they wish to meet and informs ALFI of their choices (by the coded numbers on the resumes).

ALFI informs the candidates who were selected of the employer's interest in them and provides them with a brief job description. Then the candidates may contact the employer if they choose to and arrange an interview. There is no fee due to ALFI for this service by the candidates. We only ask that we be notified if they choose not to follow through on referrals.

THE ALFI WARRANTY OF CONFIDENTIALITY

For the privacy and protection of our employment candidates, all resumes are coded by number for our files and for our employer correspondence.

Your name, your current employer, address or any other personal identification will be deleted from your resume that is sent to any of our employer clients.

Further, your resume will obviously not be sent to your current employer, nor to any other companies you may so designate.

ALFI has the highest regard for your privacy and job security and will do absolutely nothing to compromise them.

THERE'S MORE TO ALFI THAN COMPUTERS!

Here are more ALFI services for you with a warm, human touch:

☐ professional help with resume preparation.

☐ information on salary levels in your job category.

☐ our unbiased thinking on the pros and cons of your working for a particular employer.

☐ pre-screened employer companies, visited by an ALFI representative before acceptance as a subscriber.

☐ information on the housing market in area the employee may elect to move to.

ALFI has a full time staff of experienced specialists to serve you and our employer clients.

WITH SO MUCH TO GAIN, AND NOTHING TO LOSE—WHY NOT "SIGN-UP" WITH ALFI RIGHT NOW?

Just send us your resume—along with the enclosed job description form—and you might be hearing from us sooner than you thought possible!

ABOUT ALFI.

We're not an employment agency and have no financial interest in making a particular placement. ALFI is compensated by monthly fees from employers who utilize information available to them in our data banks.

The ALFI concept was two years in the making, with extensive research by our parent company, PCS/Reports, a highly respected cost containment advisory service to business, industry and many public institutions.

If the ALFI idea seems like a good one to you, why not share it with your friends and associates? Just send us their names, addresses and professions, and we'll mail them everything they'll need to "sign-up," too.
